EDUCATION

King Mongkut's University of Technology Thonburi (KMUTT)

August 2020 - June 2024

Bachelor of Engineering in Computer Engineering

- GPAX: 3.28 (Second Class Honors)

WORK EXPERIENCE

Sony Device Technology (Thailand) Co., Ltd.

October 2024 - Present

Full-stack Developer

- Develop and maintain internal web applications using **Vue 3 (JavaScript)** for frontend and **C# .NET 5** for backend with **Microsoft SQL Server**.
- Manage the full software development life cycle — from requirement gathering and UX/UI design to implementation and testing.
- Collaborate with manufacturing engineers and operators to deliver end-to-end digital solutions.

Fling Co., Ltd.

June 2023 - August 2023

Full-stack Developer (Intern)

- Designed and developed a new version of the company website using **Next.js** for frontend and **Node.js** with **MySQL** for backend.

PROJECT

FIFO Allocation (*Professional Project at Sony Device Technology*)

- Developed a web application for manufacturing operators to select lots using **FIFO (First In, First Out)** logic with conditions such as machine schedule, lead time, and lot size to reduce manual errors and improve workflow efficiency.
- Built with **Vue 3 + Bootstrap 5 (frontend)** and **C# .NET 5 (backend)**.

Dispatch System (*Professional Project at Sony Device Technology*)

- Designed and implemented a backend control system to manage automated material flow and track lot movements across manufacturing processes integrated **API communication** to trigger robotic actions and Smart Shelf placement guidance.
- Implemented as a backend service using **C# .NET 5**.

WIP Monitoring (*Professional Project at Sony Device Technology*)

- Created a real-time web dashboard to monitor lot data including lead time, limit time, location, quantity, and process status.
- Implemented automated email notifications to alert engineers when lots approach time limits or expiration.
- Developed using **Vue 3 + Bootstrap 5 (frontend)** and **C# .NET 5 (backend)**.

Dental AI Chatbot for Oral Question Answering and Post-surgery Care (*Senior Project at KMUTT*)

- Built a web and **LINE-integrated chatbot** to answer common dental questions and support post-surgery follow-up care.
- Developed using **React + TypeScript + Tailwind CSS (frontend)** and **Node.js + Flask + MongoDB (backend)**.

TECHNICAL SKILLS

Programming & Frameworks: C# (.NET 5), JavaScript, TypeScript, Python, Vue 3, React, Node.js

Database & Tools: Microsoft SQL Server, Oracle, Git

Languages: Thai (Native), English (TOEIC 685)

Interests: Gaming, Fitness, Traveling
